Whereas the authority of the Board of Directors to establish and amend reasonable rules and regulations concerning the use of the Common Property and the facilities located thereon is given in Article III, Section 3 of the Declaration of Covenants, Conditions and Restrictions ("**CC&Rs**") of Avalon Beach Estates ("Avalon") Subdivision, the Board of Directors, Board, has adopted the following Rules and Regulations governing such property. These Rules and Regulations, as amended from time to time, shall be faithfully observed by all property owners within Avalon and by their tenants and guests.

The use of the property and the common elements shall be consistent with existing law, the Avalon **CC&Rs** and Bylaws and these Rules and Regulations. These documents may be found at <http://www.avalonbeach.org>. All restrictions, limitations, and obligations of members as provided in the **CC&Rs** are incorporated herein by reference but not by way of limitation. No action by the Avalon Beach Estates Home owners Association, Association, nor any section within these Rules and Regulations, shall be interpreted to lessen or modify existing laws, ordinances, and codes.

Enforcement of rules, should it be required, shall be in accordance with the **CC&Rs**, and as provided to the Association within Florida Statute (F.S.) Title XL, Chapter 720. Violations may also be subject to enforcement by county or state authority.

Article I – Architectural Procedures and Guidelines

Section I: All building is subject to the Covenants. No construction or clearing may begin until the Avalon Beach Estates Architectural Review Board (ARB) has issued a written acceptance of the submitted plans.

The ARB has thirty (30) days in which to reply to a completed submission of plans. Failure to do so within the 30-day window without the submitting party granting an extension will constitute acceptance of the plans as submitted.

The 30-day window for the ARB to accept or reject plans does not begin until **all** of the following items have been received by the ARB:

1. A \$2,500 construction deposit. This will be held against any construction damages not repaired by the contractor as well as any costs associated with forcing compliance with the Avalon CC&Rs, Bylaws, and these Rules and Regulations.
2. A complete set of house plans including a detailed site plan.
3. Description of the roof [type, color].
4. Siding type. Allowable sidings are stucco and brick. The first two streets must be stucco.
5. Siding and trim colors.
6. Mailbox design (must match the house siding in type and color).
7. Detailed landscaping plans showing placement and types of all shrubs/bushes/ trees.
8. Swimming pool plans, if applicable. May be shown on site plan.

If a plan has been rejected, the homeowner may appeal to the Board as follows: Appeal must be in writing. Appellant will receive a maximum of 30 minutes at the next Board of Directors meeting to present their position. Lot owner must be present for the appeal. No action will be taken at this Board meeting, but the matter will be taken under consideration with an answer given within 30 days.

Section II: Any remodeling, outside reconstruction, or additions to existing homes must also have a plan submitted and approved by the ARB. Any remodeling project that changes the footprint of the original home, adds to the square footage of the original home, or adds a pool shall also require the \$2,500 damage deposit.

Section III: Each home must have at least a two-car garage or two one-car garages.

Section IV: Each home on a corner on Avalon Boulevard must have a 20-foot setback facing Avalon and facing the cross street.

Section V: All fencing plans must be presented to the ARB for approval.

Section VI: Small satellite dishes may be used, but must be in an unobtrusive location.

Section VII: There is a forty (40) foot height limit on all homes; this applies to both 2 and 3-story plans.

Section VIII: All homes, including 3-story homes, must have a minimum of 1,400 square feet of heated and cooled space, excluding garage / storage space, on the first floor.

Section IX: The installation of a silt fence is required as soon as the site is cleared.

Section X: Policy for easement landscaping in Avalon:

1. Some owners of lots in Avalon have suffered damage to their lawns by vehicles that turn corners too sharply. Homeowners can elect to plant landscaping items in the easement to discourage drivers from cutting across their lawns.
2. Plantings are limited to natural vegetation, not artificially constructed curbside barriers. Future construction of artificial curbside barriers is prohibited; however, those currently in use may remain or be removed at the owner's discretion.
3. Landscape vegetation designs will be limited to a height of 3 feet so as not to restrict driver's visibility. If plantings are limited to roadside easements (that area between the road and the sidewalk), no ARB approval is required.

Article II – Construction Different than Approved

Section I: If approval has not been obtained for a home or any of the appurtenances, or significant outward changes have occurred in the plans without the plans being resubmitted, and the owner allows construction to commence, the ARB can demand that the property be restored to its original condition, or the owner must modify the construction to comply with the plans and specifications as approved by the Board. The owner shall bear all costs and expenses of such restoration, including the Board's costs and reasonable attorneys' fees.

Section II: The ARB shall not be responsible in any way for any defects in any plans submitted, revised, or approved. Nor shall it be responsible for any structural defects of any work done, or the adherence to the local building codes.

Article III – Maintenance of Undeveloped Lots

Section I: In accordance with the requirements of the CC&Rs to keep lots in good order and repair, owners of undeveloped lots shall ensure that underbrush/bushes/trees etc. on their lots do not intrude or infringe on neighboring developed property.

Section II: Upon receipt of a complaint to the Board from a developed property owner whose property is being infringed on by growth from a neighboring undeveloped lot, the Board will (1) verify the complaint and (2) initiate actions in accordance with the CC&Rs Article IX Section 1 to have the owner of the offending lot remedy the situation. If no action is taken by the offending lot owner, the Association, by a majority vote of the Board and twenty (20) days after notice to the owner, shall have right without liability to enter upon such lot to maintain and clean up any

part of the lot and to have any objectionable items removed. All costs related to such action shall be assessed to the owner as a special assessment imposed upon the individual owner.

Section III: An owner may clean the underbrush/bushes from their lot with prior notification to the Board (1) as long as there is no intention to build and (2) the cleaning is restricted to underbrush, bushes, and small trees. Trees with a main trunk diameter of 4 inches or greater must remain.
